

Special Price Countdown

Product specification

Special Price countdown extension is a Magento 2 extension developed by PIT solutions which enables admin users to inform customers about the special price end date via a countdown timer on product view page.

Features

1. Enables admin users to show a countdown timer until special price offer ends.
2. Option to Show/hide countdown timer for individual products on offer. Provide option to configure timer for Simple, Downloadable, Virtual, Configurable, Bundled and grouped products
3. Enable/ Disable the extension
4. Supports access control for admin users.

Installation

To install special price countdown module follow the steps below.

Step 1: Download Special price countdown module extension and unzip it.

Step 2: Access your web server directories and upload the content of the folder into `app/code/Pits/SpecialPriceCountdown/` directory.

Step 3: Run the following commands to complete the installation.

1. Enable the module - `php bin/magento module:enable`
2. Update of the database - `php bin/magento setup:upgrade`
3. Generate and pre-compile classes - `php bin/magento setup:di:compile`
4. Deploy static files - `php bin/magento setup:static-content:deploy`

Configuration

From the admin backend, go to Stores > Configuration > PITS Configuration > Special Price Countdown Configuration

Figure 1

Configure Special price countdown timer

General Configuration

1. Enable - Select Yes to Enable the module

Figure 2

2. Countdown Title – Enter title to be displayed in product view page
3. Click Save Config and clear the cache.

Product Configuration

1. Configure Advanced pricing

- Open the product in edit mode.
- Under Price, click Advanced Pricing.
- Enter the special price to offer a discounted price during a specified time period

The screenshot shows the 'Advanced Pricing' modal window. It contains the following fields and sections:

- Special Price** [global]: A text input field with the value '\$ 100.00'.
- Special Price From** [website]: A date picker set to '02/10/2021'.
- To**: A date picker set to '02/14/2021'.
- Cost** [global]: A text input field with the value '\$'.
- Customer Group Price**: A table with the following structure:

Website	Customer Group	Quantity *	Price
Add			

A 'Done' button is located in the top right corner of the modal.

Figure 3

2. Activate Countdown timer

In order to display special price timer on product view page set Display Special Price Countdown Timer field to Yes

Note: For Configurable and grouped product you need to activate countdown timer for both parent and child products and timer will be based on child product price.

Special price timer will be displayed to bundle product based on special price end date provided in parent product.

Manage User Role

Step 1: Go to Admin > System > User Roles

The screenshot shows the Magento Admin interface. On the left, the 'System' menu is expanded, showing 'User Roles' highlighted. The main content area displays the 'User Roles' management page. At the top, there is a 'Reload Data' button. Below it, there is a table with columns for 'Revenue', 'Tax', 'Shipping', and 'Quantity'. The table shows a total revenue of \$0.00, tax of \$0.00, shipping of \$0.00, and a quantity of 0. There are also buttons for 'Go to Advanced Reporting' and 'Report an Issue'.
