

Description

Wallee extension from PIT Solutions is a connector between wallee and Odoo Web Shop. It is a standardized way to accept payments via a multitude of different payment providers in the world. It is a single payment gateway to send payments to Adyen, Braintree, Ingenico, Heidelpay, PostFinance, Concardis, FirstData, Datatrans, SagePay, Barclaycard, etc. Beside the payment processing wallee offers a wide range of additional features like reconciliation.

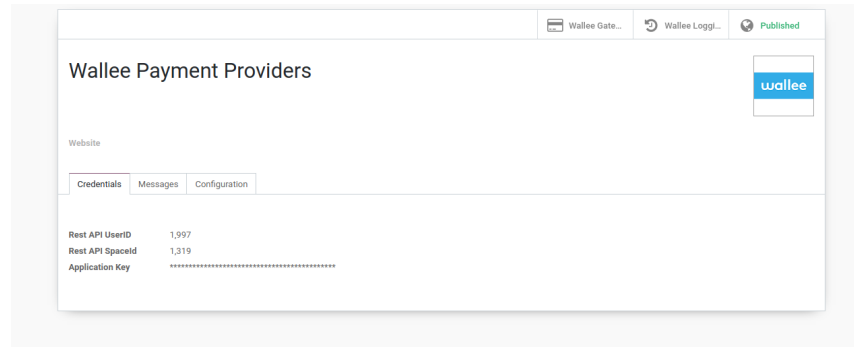

This extension connects Odoo shop user to the payment hub, which has more than 50 payment gateways and processors linked to it. The Connector works with the help of the Rest API's. This reduces the tendency of customers abandoning their cart when their preferred payment gateway is missing in the payment page. It also connects the user to the different payment service provider APIs and thereby lowering the costs of using payment routing.

Features

- Easy to install
- Flexible
- User-friendly and configurable as per one's requirements
- Multiple payment methods
- Maintain Transaction
- Customizable system notifications

The wallee extension can be configured by specifying the details required:

- Rest API UserID: Application User ID created from app-wallee.com
- Rest API SpaceID: Space ID created from app-wallee.com
- Application Key: Application Key generated from app-wallee.com

Multiple Payment Methods

WALLEE EXTENSION

Iframe Payment Processing

The screenshot displays a web application with a payment modal titled "Powered By Wallee Interface". The modal contains a "Simulation" section with a close button. Below this, there are input fields for "CARD HOLDER NAME" (Test Customer), "CARD NUMBER" (5200 0000 0000 0007), "GOOD THROUGH" (07 / 22), and "SECURITY CODE" (123). There are also logos for Visa, Mastercard, and American Express. A checkbox labeled "Store the card details for future use." is present. At the bottom of the modal are "Confirm" and "Close" buttons. The background shows a blurred view of the website's checkout process, including a "Billing" section, a "Choose" section with radio buttons for "Free", "DHL", and "Wire", and a "Pay with" section with radio buttons for "Credit / Debit Card" and "PayPal". A "Return to Cart" button and a "Pay Now" button are also visible.

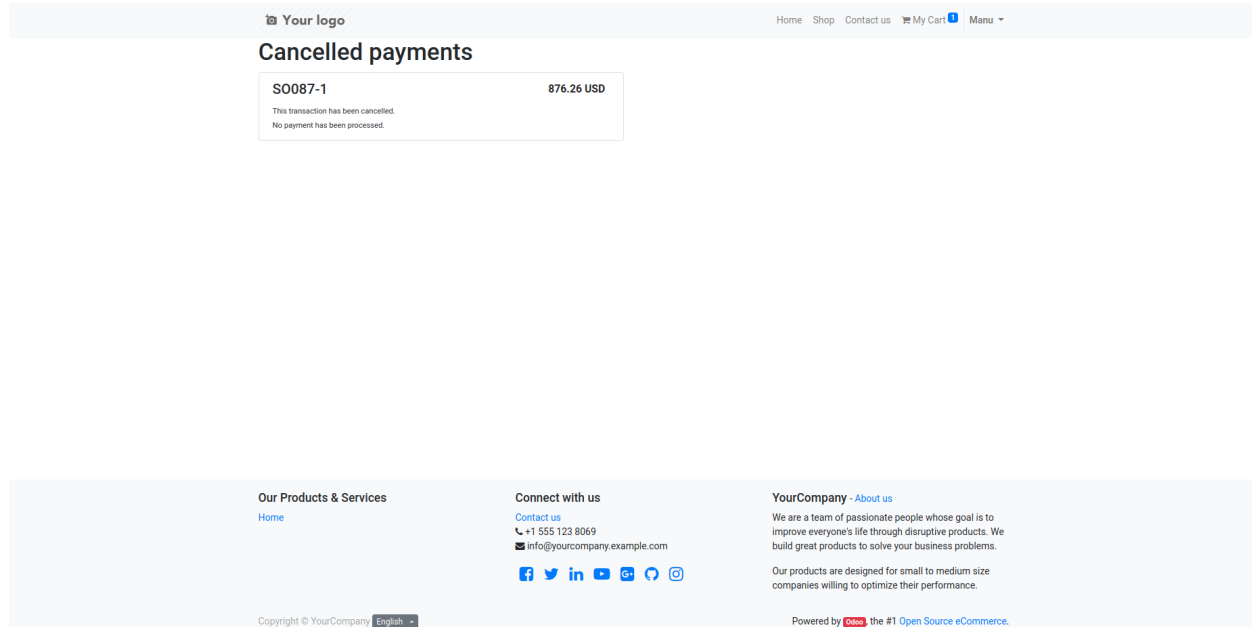

Order Confirmation

The screenshot shows an "Order Confirmation" page. At the top, there is a header with "Your logo" and navigation links: "Home", "Shop", "Contact us", and "Menu". The main content area features the text "Order S0086 Confirmed" and "Thank you for your order." with a "Print" button. Below this is a "Payment Information:" section showing "Wallee Payment Providers" and a "Total: \$ 1,402.02". A green banner states "Done. Your online payment has been successfully processed. Thank you for your order." Below this is a "Billing & Shipping:" section with the address "Near Software Incubator, 43, THIRUVANANTHAPURAM AZ 85055, United States". On the right side, there is a table summarizing the order:

Product	Quantity	Price
Customizable Desk (Steel, White)	2.0	\$ 701.01
Delivery:		\$ 0.00
Subtotal:		\$ 1,402.02
Taxes:		\$ 0.00
Total:		\$ 1,402.02

At the bottom, there is a footer section with "Our Products & Services" (Home), "Connect with us" (Contact us, +1 555 123 8069, info@yourcompany.example.com, and social media icons), and "YourCompany - About us" (We are a team of passionate people whose goal is to improve everyone's life through disruptive products. We build great products to solve your business problems. Our products are designed for small to medium size companies willing to optimize their performance.). The footer also includes "Copyright © YourCompany" and "Powered by Wallee the #1 Open Source eCommerce."
