

# Maintenance Message Banner

## Product specification

Maintenance Message Banner is a Magento 2 extension developed by PIT solutions which enables admin users to inform customers about the maintenance timing or down time earlier via a banner on top of every page.

## Features

- Enables admin users to show customized maintenance notification message in the frontend.
- Message can be shown all the time until it is disabled or can be scheduled to display/hide automatically within a time interval.
- Supports access control for admin users.

## Screenshots / Video

The screenshot shows the Magento 2 Configuration page for the Maintenance Manager extension. The left sidebar contains a navigation menu with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Configuration' and shows the 'General Settings' for the 'Maintenance Manager' extension. The 'Enable' checkbox is checked, and the 'Time Interval' is set to 'All the time'. The 'Start Time' is set to '27-05-2020 14:00' and the 'End Time' is set to '27-05-2020 16:00'. The 'Message' field contains the text: 'Maintenance: The shop will be down for maintenance on Wednesday May 27 from 16:00 to 18:00 UTC. Sorry for the inconvenience.' The bottom of the page shows the Magento 2.3.2 version and a link to 'Report an Issue'.

## Configure Message Manager

Enable the module.

1. Select **Yes** to display the message all the time.

The screenshot shows the Magento Configuration page for the Maintenance Manager module. The left sidebar contains a navigation menu with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Configuration' and shows the 'General Settings' for the 'Maintenance Manager' module. The 'Enable' dropdown is set to 'Yes', and the 'Message' text area contains the text: 'Maintenance: The shop will be down for maintenance on Wednesday May 27 from 16:00 to 18:00 UTC. Sorry for the inconvenience.' A red box highlights the 'Enable' dropdown and the 'Message' text area.

2. Select **Time Interval** to display the message within the time interval and automatically hide it after the interval.

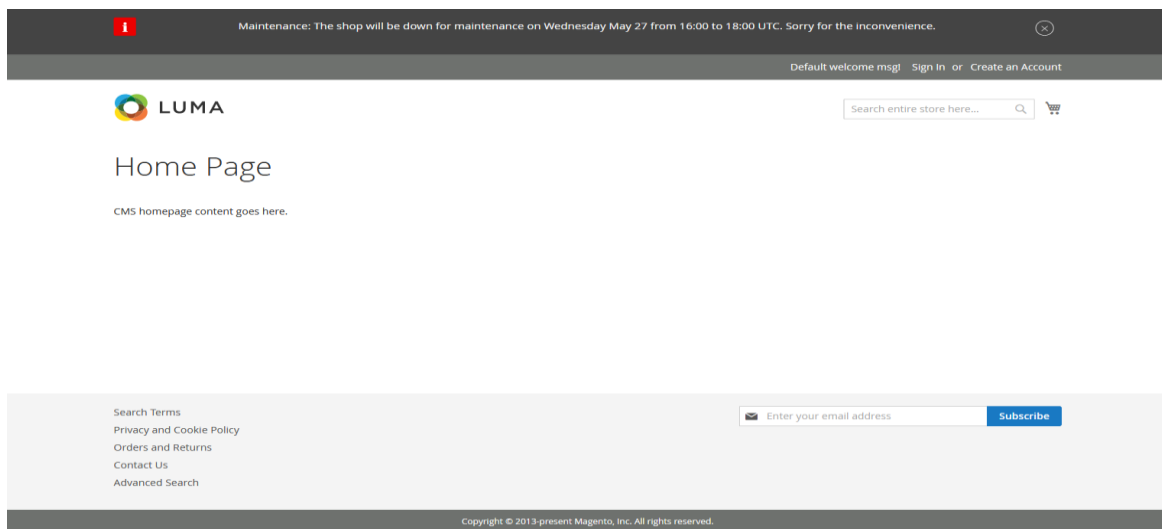

The screenshot shows the Magento Configuration page for the Maintenance Manager module. The left sidebar contains a navigation menu with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Configuration' and shows the 'General Settings' for the 'Maintenance Manager' module. The 'Enable' dropdown is set to 'Time Interval'. The 'Start Time' is set to '27-05-2020 14:00' and the 'End Time' is set to '27-05-2020 16:00'. The 'Message' text area contains the text: 'Maintenance: The shop will be down for maintenance on Wednesday May 27 from 16:00 to 18:00 UTC. Sorry for the inconvenience.' A red box highlights the 'Enable' dropdown, the 'Start Time' and 'End Time' fields, and the 'Message' text area.

- Enter **Start Time** (available only if Time Interval option is selected).

- Enter **End Time** (available only if Time Interval option is selected).
- Enter the **Message**.
- Click **Save Config** and clear the cache.

The message will be displayed in the frontend as below.
